

PepperBall® Product Catalog - 2009

PEPPERBALL LAUNCHERS

**TAC-700
20700-1**
Compact, tactical, carbine launcher with 200-round hopper, high pressure air bottle, and maintenance kit. Trigger can be set for semi-automatic, three round burst, or full automatic.

**Custom Carbine-TX
20099**
Semi-automatic carbine, 160 shot high pressure air launcher. Range is 60 feet on target and 100+ feet for area saturation. Reverse mounted high pressure air bottle keeps unit compact, tactical. Includes rechargeable HPA bottle. Launcher has Picatinny rail mount for addition of optional tactical lights, scope sights, laser sights, cameras, etc.

**Custom Carbine-S
20098**
Semi-automatic carbine, 160 shot high pressure air launcher system. Range is 60 feet on target and 100+ feet for area saturation. Offset hopper for wider field of view and easy breech round loading. Includes rechargeable HPA bottle.

**Custom Carbine-SX
20098-SX**
Semi-automatic carbine, 160 shot high pressure air launcher system. Range is 60 feet on target and 100+ feet for area saturation. Offset hopper for wider field of view and easy breech round loading. Launcher has Picatinny rail mount for addition of optional tactical lights, scope sights, laser sights, cameras, etc. Includes rechargeable HPA bottle.

Hand-Held Launchers

**FlashLauncher
22100**
Combines a one-hundred (100) lumen flashlight and a five (5) round semi-automatic PepperBall launcher in one product. Disposable batteries included.

**SA-8
23008**
Semi-automatic, compact, 8 shot compressed gas pistol. Range is 35 feet on target and 100+ feet for area saturation. Removable magazine in pistol grip holds pre-loaded 12 gram disposable CO2 cartridge and eight PepperBall projectiles. Magazine gives option of quick reload capability with purchase of second magazine.

**SA-4 Launcher
25100**
Electronic launcher fires up to (4) ImpactPlus projectiles in semi-automatic fashion. Projectiles strike with 20 ft. lbs of force. Built in laser. Three position safety.

PepperBall HotShot™
Designed for personal protection, the powerful and highly portable HotShot launches a strong irritant cloud of intensely hot pepper powder that creates an instant protective barrier between you and your attackers.
