PepperBall® Instructor/Armorer Certification

Hosted by Arizona Tactical, Inc

Course Description

PepperBall products can help reduce officer and suspect injuries, save lives, decrease the risk of litigation, and improve public perception of law enforcement agencies. The PepperBall System is an affordable, non-lethal tool designed for patrol, corrections, and tactical officers in a wide variety of situations. The PepperBall Instructor Certification course involves intensive training in the use of the non-lethal PepperBall System, including operation, safety, maintenance, and deployment. This course certifies attendees as PepperBall Instructors for their individual agency, allowing the attendee to design a course in the safe and effective use of the PepperBall System. The armorer course certifies students as armorers on the SA200 and Custom Carbine PepperBall launcher.
