

LAUNCHERS

TAC-SF™

This select-fire launcher is the perfect tool for crowd and riot-control situations requiring high-intensity engagements. With the ability to fire the TAC-SF™ in three-round bursts or fully-automatic mode, you can quickly disperse PAVA across expansive areas.

KINETIC IMPACT	HOPPER CAPACITY
10-15 JOULES	180 ROUNDS

+ SELECT FIRE

The Select-Fire trigger gives you the versatility of being able to launch a high volume of projectiles, or just one at a time. Two available options:

OPTION 1	OPTION 2
3-Round Burst	Full Auto
Semi Auto	Semi Auto

Three available color options
